**FAMILY funeral COACH...** a creative response to a **contemporary** view of funerals.

**THE TOBIN BROTHERS FAMILY FUNERAL COACH** is a custom built funeral vehicle, which allows up to 12 family members (and/or friends) to travel together with their loved one's coffin which is an important aspect of a funeral.

Accompanying a loved one in this way, is consistent with a family's decision to carry or escort the coffin at the conclusion of the service and/or at the cemetery.

Alternatively, families who require up to 12 people to travel together, can use the Family Funeral Coach, and elect for the coffin to be in the hearse, in the traditional way. Families who choose this unique vehicle, avoid driving and traffic pressures, and experience an unparalleled level of comfort, care and attention during the journey from an on-board host.
